**SUBJECT: GAS Debut at Melon to include Legend's feature.**

**BRASELTON GA:** Terry Roberts, General Manager for the Georgia Asphalt Series announced today that the Georgia Asphalt Series 2009 season opener at Watermelon Capital Speedway will also include a large Legend's Class feature on race night in Cordele GA on April 4th.

The season opening weekend will not only feature some local racing classes at The Melon, but will also be the debut of the all new CRA South Super Late Model race circuit. This in addition to the Legend's feature will add to what is already a great night of racing excitement in Cordele.

"The Legend's feature is just a great addition to an already great opening night in Cordele." said Terry Roberts, GM of the GAS. "With the Watermelon Twin 125's running for the Georgia Asphalt Series and the CRA South that night, the Legend's race will just make for an even more exciting, action packed night of racing for all of the fans."

Legend's drivers from all over the south are expected to compete at The Melon. The list of entries will be posted next week. In addition to the races taking place that evening, the night will also be the debut of the all new GAS Radio Network, which will feature the entire night of racing action live as it happens on the internet.

"The GAS Radio Network is excited to start the season with such an exciting night of live, race broadcast action" said Scott Pinner, GAS Radio Network Director. "By adding the Legend's feature to the card that night, it will give our on-line audience even more to enjoy and follow."

Be sure and check out [www.lanierspeedway/GAS.html](http://www.lanierspeedway/GAS.html) or [www.craracing.net](http://www.craracing.net) for all of the details and more information on this exciting night of racing action. The Georgia Asphalt Series will also be in action on Friday April 17<sup>th</sup> 2009 at Anderson Speedway in Anderson South Carolina for the second race of the 2009season.
